

ANIA PIENIO

FRONT-END DEVELOPER

ania.m.pienio@gmail.com

PROFILE

I am a Front-End Developer who is dedicated to agile team work - including frequent communication, self-organization and accountability. My strengths lie in the rigorous testing of the UI to validate my code and to produce a high-quality outcome.

SKILLS

- React, Angular, Vue, jQuery
- JavaScript (ES6), TypeScript
- HTML5, CSS, SCSS
- C++, Java, VBA, Bash, SQL
- Bootstrap, Material, Vuetify
- Agile, UI Testing, Technical Writing
- Node.js, Express, MongoDB, PostgreSQL
- Mongoose, Sequelize
- Axios, Fetch, Postman, Firebase
- GitHub, Paired-Programming, FileZilla
- Heroku, AppSheet
- VS Code, Visual Studio Community, IntelliJ, Eclipse

PROJECTS

CLICK FLY

SKILLS

LINK

A tool that allows developers to style a button using the UI and then copy the CSS code for that style onto their clipboard. Users can choose the overall style of the button and then customize it with text, colours, outline and fill.

NUTRI NAV

SKILLS

LINK

A food nutrition tracker that allows users to search for common and brand foods in order to view and compare their essential nutrients. Uses an API as a source of the nutritional information and Firebase to save favourite foods as well as past comparisons.

EXPERIENCE

TECHCOM | QA ANALYST & UI TESTER

JAN 2019 - MAY 2019

- Planned, executed and documented Test Cases for the front UI
- Went beyond test plan to discover critical defects and deliver tested product within deadline

AK TRADING | SALES & LOGISTICS

APR 2017 - JAN 2018

- Collaborated with all departments to deliver a warehouse tool to support logistics
- Implemented an inventory store on AppSheet for mobile access

PEMBERTON GROUP | SALES REPRESENTATIVE

SEPT 2007 - MAR 2017

- Managed a team of 15 staff to meet all sales targets and construction deadlines
- Self-learned VBA to create a contract-generating program (reduced wait-times by 70%)
